TASHI DELEK KUSERING !

Please come join us for a 1-1/2 hour of fun and useful **basic Tibetan conversation** with **Ado Rinpoche**. Ado Rinpoche originally came from the **Eastern Tibet** region, and thus, will be able to add a touch of **Kham** to our language classes. Kham is a dialect that is rarely taught in the U.S, yet it is the mother tongue of many of our **Tibetan Lamas**.

We will be holding **eight 1-1/2 hour weekly Sunday Basic Conversation** classes (10-11:30 a.m.) from the end of **March** to the end of **May**. This is a **pilot program** and we will be happy to make **necessary adjustments** to provide everyone with a **conducive** learning environment. We need a minimum of **6 committed students** in order to continue with this program in the future.

We will be using « **Learning Practical Tibetan** » as our guide book. Supplemental hand-out materials will be available as well. Please bring **paper, pencil, index cards, a recorder** and a comfortable sitting **cushion**.

Tuje' Chay ! We look forward to seeing you.
